Waikato Boat Expo Underway

Plans are underway for the return of a Boat Expo to the Waikato. Expressions of interest are invited to apply for and to reserve a site, prior to the release of the event Prospectus.

We aim to continue the success of previous events and are pleased to be able to provide you with an early opportunity to apply to reserve a site.

There will be open air locations for boat display where you are able to provide your own cover and displays; or we have a marquee catering for out-of-the-weather displays. We have maximized exhibitor site requirements with a range of display locations and marquee space sizes each with proportionate site frontages.

This plan also provides excellent access to facilities and with its wide 4m walkways it helps to reduce congestion and improve traffic flow. As there is only one path throughout the entire building with all side doors closed, the foot traffic is directed past every site, with no divergent options.

Contact details: You will be able to make a tentative booking for the Waikato Boat Expo at 'The Base', Hamilton on February 27th and 28th 2016.

Site opens to the public from 9am to 5pm.
